

## *Revised Construction Schedule: Week of August 17, 2026*

### **Activity**

Crews will continue potholing (underground utility identification), followed by asphalt removal, excavation, and preparation for pipeline installation on Hillcrest Drive between McCloud Avenue and West Drive. There will also be ongoing potholing on Agoura Road between Lakeview Canyon Road and Westlake Boulevard. Steel plates may be placed over excavated areas when crews are not actively working. Pipeline installation along Hillcrest Drive between N Conejo School Road and Erbes Road will continue for the next several weeks.

The initial phase of pipeline installation along E Hillcrest Drive between Erbes Road and Rancho Road, as well as the installation on Conejo School Road between Thousand Oaks Boulevard and Chiquita Ave are complete. Crews will return to this area in Summer 2027.

### **Traffic Impacts**

Residents, businesses, drivers, bicyclists, and pedestrians may experience temporary lane closures, lane shifts, turn restrictions, flagging operations, and minor traffic delays near active construction areas.

Traffic-control signs, cones, and flaggers may be used to help keep crews and the public safe. Access to nearby properties, businesses, driveways, and local streets will be maintained wherever possible.

*Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.*

### **Contact Us**
